## INDEPENDENT AUDITOR'S REPORT

Development Finance Authority of Summit County  
Summit County  
47 N. Main Street, Suite 407  
Akron, Ohio 44308

To the Board of Directors:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of Development Finance Authority of Summit County, Ohio (the "Authority"), as of and for the years ended December 31, 2015 and December 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Development Finance Authority of Summit County as of December 31, 2015 and December 31, 2014, and the changes in its financial position and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 2 to the financial statements, during the year ended December 31, 2015, the Authority adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and also GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. In addition, the Authority restated the Net Position as of January 1, 2014 due a misstatement in unrealized loss on investments from a previous year. We did not modify our opinion regarding these matters.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension liabilities and pension contributions, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2016, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

DEVELOPMENT FINANCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
December 31, 2015 and 2014

General

The Management of the Development Finance Authority of Summit County (the "Authority") provides the readers of the Authority's financial statements this brief narrative overview of the financial activities of the Authority for the fiscal year ended December 31, 2015 and 2014.

The Authority is an independent political subdivision of the State of Ohio. The Authority was established in 1999 for the purpose of providing community and economic development financing activities in Summit County, Ohio. Since then, the Authority has expanded its service capacity through Cooperative Agreements with several neighboring counties. The Authority engages in this activity by managing activities through issuance of various revenue bonds. In addition, the Authority provides Foreign-Trade Zone administrative services and the Authority is co-manager of an industrial park on property owned by the Akron-Canton Airport, whereby ground rental income is derived as tenants locate at the park.

In 2011, the Authority applied for certification through the U.S. Treasury Community Development Financial Institutions Fund ("CDFI") to become eligible for an allocation of New Markets Tax Credits ("NMTC"). Subsequent to this application, the Authority submitted an application request to CDFI to receive an allocation of NMTC. The Authority created a new Community Development Entity ("CDE"); the Development Fund of the Western Reserve ("DFWR") a private, not-for-profit 501(c)(3). DFWR serves an 18 county area of northeast Ohio and is the only CDE exclusively focused on providing NMTC in northeast Ohio.

In December 2011, the CDFI notified the Authority that the DFWR had been certified and in March 2012, CDFI awarded a \$20 million NMTC allocation. During 2012 and 2013, the DFWR used all \$20 million of the credits to fund three projects; the KSU Hotel and Conference Center in Kent, Ohio, the Lorain County Health & Dentistry ("LCH&D") project in Lorain, Ohio and the East End Hilton Garden Inn project located in the East End Redevelopment area of Akron. The East End Redevelopment encompasses the former headquarter property of Goodyear Tire and Rubber Co. In 2014, DFWR submitted a new application to CDFI, seeking \$45 million NMTC allocation to assist with financing several projects throughout the DFWR service area.

In June 2015, the CDFI notified the Authority that the DFWR had been awarded a \$45 million NMTC allocation. During 2015, the DFWR used \$10.5 million of the credits to fund two projects; the Mercy Health's St. Elizabeth Hospital project in Youngstown, Ohio, and the Jetro / Restaurant Depot project in Akron, Ohio.

Overview

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority engages in economic development finance activities that are conduit stand-alone and/or Jobs and Investment Fund ("Bond Fund") projects. The Bond Fund is rated BBB+ by Standard and

DEVELOPMENT FINANCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
December 31, 2015 and 2014

Poor' s. Conduit projects have included the Akron Civic Theater, Bridgestone Americas Tech Center, the Goodyear Tire and Rubber Headquarters and numerous other projects.

In 2015, conduit financing was provided to assist with financing the following projects: Premier Arhaus in Boston Heights, RAMCO in Hudson, 8 and 80 in Boston Heights and the Reminderville Community Recreation Center in the Village of Reminderville. In addition, the Authority helped the Lawrence School in Sagamore Hills with a bond refinancing.

Bond Fund projects are projects issued through the Authority's Jobs and Investment Fund. There are now five rated Port Authority Bond Funds in Ohio. During 2015, the Authority did not have any new Bond Fund projects.

It is noteworthy to consider the following regarding all of the Authority's finance projects:

1. All conduit transactions require the lender to look only to the borrower's lease or debt service payments and any certain specific revenue sources and cash reserves to provide funds sufficient to meet lease payments and/or debt service payments.
2. All Bond Fund transactions require the Authority to look only to the borrower lease or loan payments for debt service unless a default arises, in which case the reserve mechanisms in the bond fund will make the debt service payments to the extent sufficient funds are available. As of December 31, 2015, the Authority had issued \$67.6 million to fund 19 projects with an outstanding principal balance of \$40 million.

During 2015, the Authority adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*, which significantly revises accounting for pension costs and liabilities and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68*. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the Authority's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems required additional explanation in order to properly understand the information presented in these statements.

DEVELOPMENT FINANCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
December 31, 2015 and 2014

Under the new standards required by GASB No. 68 pension accounts, the net pension liability equals the Authority's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employee's past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the Authority is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses and the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law.

The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system as *against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with the required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the net position.

In accordance with GASB Statement No. 68, the Authority's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB Statement No. 68, the Authority is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. The

implementation also had the effect of restating net position at December 31, 2014, from \$10,249,748 to \$9,953,287.

Certain errors resulting in an understatement of unrealized loss on investments were discovered during the current year. Accordingly, an adjustment of \$67,669 was made as of as of December 31, 2013. A corresponding entry was made to decrease previously reported net position by \$67,669. The correction had the effect of restating net position at December 31, 2013, from \$10,296,349 to \$10,228,680.

Factors Expected to Impact the Authority's Future Financial Position or Results of Operations

In 2015, revenue from operations and deal flow was healthy and many indicators point to a continued active project pipeline in 2016. The following are projects expected to close in 2016:

Fairlawn GIG Project – Fairlawn, OH The DFA will issue up to \$11.5 million of lease revenue bonds to pay the costs of acquisition, construction, installation, and equipping of a municipal broadband utility to provide wireless and fiber optic high speed internet services to Fairlawn, Ohio as well as to the Akron, Fairlawn, Bath Joint Economic Development District (JEDD). The financing is expected to close in April 2016.

The Authority is in receipt of an application for the Stambaugh Building Doubletree Hotel redevelopment project in downtown Youngstown, Ohio. As described in the term sheet, the Authority will issue approximately \$3.8 million of Property Assessed Clean Energy (PACE) bonds, with a special assessment on the property to finance energy efficiency improvements.

The Authority received an application for the Residence at Yankee Trace in Centerville, Ohio. According to the Term Sheet, the Authority will issue \$3 million in tax-exempt financing secured by a special assessment to finance the costs of road, water, sewer, and other utility improvements. The Authority will enter into a cooperative agreement with the Dayton, Ohio Port Authority and the Toledo-Lucas County Port Authority, who will also each provide \$3 million in tax-exempt bond financing.

The Authority anticipates entering into a cooperative agreement with the Franklin County Finance Authority to assist with financing a structured parking facility located within the Dublin, Ohio Bridgeview Project.

In March 2016, the Authority is contemplating refinancing three tax-exempt bond transactions in the Bond Fund: Garfield Heights, Village of Seville, and the Summit County Workforce Policy Project.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Development Finance Authority of Summit County (the "Authority") was formed by the Summit County Council in 1993 to preserve key railroad lines from abandonment in an era of rail mergers and consolidations. County Council recognized the expanding role of port authorities within the state and passed legislation enabling the Authority to use the economic development powers allowed under the Ohio Revised Code.

The Authority engages in community and economic development finance, creating employment opportunities, and providing financing and tax incentives to local businesses in order to provide a foundation to compete in the international marketplace. The Authority is directed by a seven-member Board appointed by the Summit County Executive, in accordance with the procedures provided by the Summit County Charter.

The Authority's activities are financed and operated as an enterprise fund such that the costs and expenses of providing services are recovered primarily through user charges. The Authority's management believes these financial statements present all activities for which the Authority is financially accountable.

Basis of Accounting

The accompanying financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to governmental entities as prescribed by the Governmental Accounting Standards Board ("GASB"). All transactions are accounted for in a single enterprise fund. The statements were prepared using the economic resources measurement focus and the accrual basis of accounting. The Authority's enterprise fund financial statements are prepared using the accrual basis of accounting.

Revenues received in advance are deferred and recognized as earned over the period to which they relate. Operating revenues consist primarily of project administrative and loan processing fees, operating grant, rents, and fees for foreign trade zone services. Operating expenses include the cost of providing these services, including administrative expenses. Non-operating revenues and expenses are all revenues and expenses not meeting the definition of operating revenues and expenses. Non-operating revenues consist of interest income and unrealized gain on investment. Non-operating expenses consist of unrealized loss on investment. The Authority first applies restricted resources when an expense is incurred and when both restricted and unrestricted net position are available.

Basis of Presentation

The enterprise fund is accounted for on a flow of economic resources measurement focus. The Authority's basic financial statements consist of the statements of net position, statements of revenue, expenses and changes in net position and statements of cash flows.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

Measurement Focus

The measurement focus is on the determination of revenues, expenses, financial position, and cash flows as the identification of these items is necessary for appropriate capital maintenance, public policy, management control, and accountability.

Conduit Debt

As part of its efforts to promote economic development within northeastern Ohio, over the past several years, the Authority has issued debt obligations and loaned the proceeds to industrial, commercial, governmental and nonprofit organizations, primarily located within Summit County and other northeast Ohio counties. The obligations are secured by the property financed and are payable solely from the payments received by the trustee from the borrowers or other sources designated in the related agreements.

Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and requires an annual budget. This budget includes estimated receipts and appropriations. In addition, the Rules and Regulations of the Authority require the Board to adopt an appropriation resolution. The Authority maintains budgetary control by not permitting expenditures to exceed their respective appropriations without amendment of appropriations from the Board of Directors.

Cash and Investments

Summit County is the fiscal agent for the Authority's operations. Accordingly, the Summit County Fiscal Officer maintains a portion of the Authority's cash in an Agency fund on the County's financial records. The Authority's Secretary of the Board is the fiscal agent for the Authority's development projects. The Authority maintains some of its cash with one local bank. This account is insured by the Federal Deposit Insurance Corporation up to the maximum allowed.

For the purposes of the statement of cash flows, all bank deposits, including investments in short-term certificates of deposit, the State Treasury Asset Reserve of Ohio ("STAR Ohio") and overnight investments of excess deposits in repurchase agreements are considered to be cash equivalents.

Restricted Cash - Board Restricted

The Authority's cash is designated by the Board of Directors, and invested in short-term certificates of deposit. These investments are considered cash equivalents and could be deemed unrestricted per action of the Board of Directors through issuance of specific resolutions.

Also included as restricted cash are funds relating to the Project Activity Account which are pass-through monies to the Authority, but used to service ongoing projects currently under contract.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

Restricted Cash - Bond Fund Program Reserve

The Authority's investments are governed by the trust indenture and State of Ohio statutes, which allow the Authority to invest in certain obligations including State of Ohio obligations. The balance is invested in a high yield checking account and is considered cash equivalents.

Capital Assets

All capital assets are capitalized at historical cost. The Authority maintains a capitalization threshold of \$5,000. Capital assets are depreciated using the straight-line method over 40 year useful lives.

Asset Held for Resale

Assets held for resale represents various pieces of equipment received by the Authority and leased to Lockheed Martin Corporation. Under the terms of the amended lease agreement, Lockheed Martin Corporation agreed to pay \$60,000 for this equipment at the end of the lease term which expired in October 2014. During 2014, Lockheed Martin Corporation made the final required lease payment of \$15,000. In November 2015, the Lockheed Martin Corporation exercised the option to renew the lease for one year. Under the terms of the agreement, Lockheed Martin Corporation agreed to pay \$15,000 for this equipment, which will expire in October 2016.

Compensated Absences

It is the Authority's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vacation pay is accrued and reported as a liability when earned by the Authority's employees.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plan and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the Authority, deferred outflows of resources are reported on the statements of net position for pension. The deferred outflows of resources related to pension are explained in Note 7.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Authority, deferred inflows of resources include

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

pension. Deferred inflows of resources related to pension are reported on the statements of net position for pension. The deferred inflows of resources related to pension are explained in Note 7.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Subsequent Events

In preparing these financial statements, the Authority has evaluated events and transactions for potential recognition or disclosure through June 30, 2016, the date the financial statements were available to be issued.

NOTE 2 – CHANGE IN ACCOUNTING PRINCIPAL, PRIOR PERIOD ADJUSTMENT AND RESTATEMENT OF NET POSTION

During 2015, the Authority implemented the Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*.

The objective of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, is to improve accounting and financial reporting by state and local governments for pensions. The provisions of this Statement are effective for periods beginning after June 15, 2014, and have been implemented by the Authority.

The objective of GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*, is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The provision of this Statement should be applied simultaneously with the provisions of Statement No. 68, and have been implemented by the Authority.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

A net position restatement at December 31, 2014 is required in order to implement GASB Statements No. 68 and 71 as follows:

Restated Net Position, December 31, 2014	\$ 10,249,748
Adjustments:	
Net Pension Asset	-
Net Pension Liability	(338,734)
Deferred Outflow - Payments	
Subsequent to Measurement Date	<u>42,273</u>
Restated Net Position, January 1, 2015	<u>\$ 9,953,287</u>

Certain errors resulting in an understatement of unrealized loss on investments were discovered during the current year. Accordingly, an adjustment of \$67,669 was made as of December 31, 2013. A corresponding entry was made to decrease previously reported net position by \$67,669. The correction had the effect of restating net position at December 31, 2013, from \$10,296,349 to \$10,228,680.

Net Position December 31, 2013	\$ 10,296,349
Adjustments:	
Unrealized Loss on Investments	<u>(67,669)</u>
Restated Net Position, January 1, 2014	<u>\$ 10,228,680</u>

NOTE 3 – DEPOSITS AND INVESTMENTS

Deposits

The Authority's depository requirements are governed by state statutes and require that deposits be placed in eligible banks or savings and loans located in Ohio. Any public depository in which the Authority places deposits must pledge as collateral eligible securities of aggregate market value at least equal to the amount of deposits not insured by the Federal Deposit Insurance Corporation ("FDIC"). Collateral that may be pledged is limited to obligations of the following entities: the U.S. government and its agencies, the State of Ohio, and any legally constituted taxing subdivision within the State of Ohio.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits might not be recovered. The Authority has no deposit policy for custodial risk beyond the requirements of state statute. At December 31, 2015 and 2014, the carrying amounts and bank balances of the Authority's deposits were \$8,609,217 and \$8,504,412, respectively. Of the bank balance, \$8,359,217 and \$8,254,412 was exposed

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

to custodial risk at December 31, 2015 and 2014, respectively, and \$250,000 was covered by the FDIC at December 31, 2015 and 2014. Although the securities were held by the pledging institution's trust department and all statutory requirements for the investment of the money had been followed, noncompliance with federal requirements could potentially subject the Authority to a successful claim by the FDIC. The Authority's carrying amount of cash on deposit with the County, which is included in the carrying amount balances disclosed above, was \$1,760,021 and \$1,693,612 as of December 31, 2015 and 2014, respectively. The Summit County Fiscal Officer is responsible for maintaining adequate depository collateral for all funds in the Summit County's pooled and deposit accounts and ensuring that all monies are invested in accordance with the Ohio Revised Code.

Investments

The Authority's investment policies are governed by state statutes which authorize the Authority to invest in obligations of the U.S. government, its agencies and instrumentalities; bonds and other State of Ohio obligations; certificates of deposit; money market mutual funds; and repurchase transactions and commercial paper. Repurchase transactions must be purchased from financial institutions as discussed in "Deposits" above or any eligible dealer who is a member of the National Association of Securities Dealers. Repurchase transactions are not to exceed a period of 30 days and must be secured by the specific government securities upon which the repurchase agreements are based.

These securities must be obligations of, or guaranteed by, the United States and must mature or be redeemable within five years of the date of the related repurchase agreement. The market value of the securities subject to a repurchase agreement must exceed the value of the principal by 2% and be marked to market daily. State law does not require security for public deposits and investments to be maintained in the Authority's name.

The Authority is prohibited from investing in any financial instrument, contract or obligation whose value or return is based upon, or linked to, another asset or index, or both, separate from the financial instrument, contract or obligation itself (commonly known as a "derivative"). The Authority is also prohibited from investing in reverse repurchase agreements.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority's investment policies limit its investment portfolio to maturities of five years or less, which is in accordance with Ohio law.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investments in a single issuer. The Authority places no limit on the amount it may invest in any one issuer.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

Credit Risk

The Authority's investment policy addresses credit risk by limiting investments to the safest types of securities, pre-qualifying financial institutions, brokers, intermediaries and financial advisors and by diversifying the investment portfolio so that potential losses on individual securities do not exceed income generated from the remaining portfolio.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Of the Authority's investment in repurchase agreements, the entire balance is collateralized by underlying securities pledged by the investment's counterparty, not in the name of the Authority.

In January 2008, the Authority purchased 0.75 of one membership unit in the Greater Akron Investment Partners, LLC / Starvest 06, LP ("GAIP") for \$75,000. The net profits and losses of GAIP are allocated among the Members in proportion to the number of units owned by each member in accordance with the operating agreement. The Authority contributed an additional \$75,000 into the investment annually through 2010 as part of a three-year commitment. The most recently available estimates are based on the prior year and are being utilized for 2015 unrealized loss values as the current year information is not yet available in part due to the winding down of this investment and unavailable foreign income reporting. The Authority recognized unrealized losses of \$1,066 and \$1,066 during 2015 and 2014, respectively on this investment. The Authority's equity interest in GAIP was \$102,222 and \$103,288 at December 31, 2015 and 2014, respectively.

In 2015, 2012 and 2011, Summit County directed the Authority to make an investment of \$25,333, \$75,000 and \$25,000 respectively, into StartVest 09, LP ("StartVest"), which results in a 2.6666% share as of December 31, 2015 and a 2.5580% share as of December 31, 2014. The most recently available estimates are based on the prior year and are being utilized for 2015 unrealized loss values as the current year information is not yet available due to unavailable foreign income reporting. The Authority recognized unrealized losses of \$35,023 and \$35,023 during 2015 and 2014, respectively on this investment. Certain errors were discovered during the current year resulting in an overstatement of equity interest in this investment. Accordingly, an adjustment of \$67,669 was made as of December 31, 2013 (See Note 2). The Authority's equity interest in StartVest was \$17,553 and \$7,863 at December 31, 2015 and 2014, respectively.

In 2013 and 2014, Summit County directed the Authority to make an investment of \$50,000 into Headsense Medical, LTD ("Headsense"), which results in a 2.0823% share as of December 31, 2015 and 2014. The most recently available estimates are based on the 2015 pro-forma K-1 and are being utilized for 2015 unrealized loss values as the current year information is not yet available due to unavailable foreign income reporting. The Authority recognized unrealized losses of \$20,697 and \$9,456 during 2015 and 2014,

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS

respectively on this investment. The Authority's equity interest in Headsense was \$62,043 and \$32,740 at December 31, 2015 and 2014, respectively.

**NOTE 4 – JOBS AND INVESTMENT BOND FUND PROGRAM**

The Authority has established a Bond Fund Program to provide long-term, fixed interest rate financing for qualified industrial, commercial, and public projects. The primary objective of the Bond Fund Program is to further economic development efforts and investments in Summit County through the retention and creation of quality, private-sector jobs.

The State of Ohio Department of Development ("ODOD") awarded the Authority a grant of \$2 million, received in April 2001, which was deposited into the Bond Fund Program Reserve account. The conditional grant from ODOD is for a 20 year term, with 100% of the interest earned on the fund remitted back to ODOD through December 2011. Beginning in 2012 and continuing through December 2021, 50% of the interest earned is required to be remitted back to ODOD. In February 2001, the Authority obtained a \$3 million grant from Summit County for the Bond Fund Program, which was also deposited into the Bond Fund Program Reserve account.

Under the Program, debt service requirements on each bond issue are to be secured by a pledge of amounts to be received under lease or loan agreements with borrowers who utilize the financed facilities. In addition, all borrowers are required to provide cash or a letter of credit as additional security for the related bonds. Amounts in the Bond Fund Program Reserve may be used for debt service in the event the borrower is unable to make the required payments under the lease. Amounts held in the Authority's Bond Fund Program Reserve were \$6,594,469 and \$6,512,018 at December 31, 2015 and 2014, respectively, and are included in restricted assets in the accompanying statement of net position.

In January 2010, the Authority obtained a commitment from the Ohio Manufacturers' Association ("OMA"), the Ohio Edison Company, the Cleveland Electric Illuminating Company, and the Toledo Edison Company (collectively the "Companies") for \$2.4 million to be paid in three equal installments from January 2010 through July 2011. The Authority was required to deposit these funds into the Bond Fund Program Reserve account, and to the fullest extent reasonable under the Bond Fund Program, these funds should be used by OMA members which are also the Authority's customers.

There were no Revenue Bonds issued during 2015 through the Bond Fund Program.

The following Revenue Bonds were issued during 2014 through the Bond Fund Program:

In December 2014, the Authority issued \$6,240,000 of Taxable Development Revenue Bonds as part of the City of Akron - IRG Rubber City Project. The proceeds of the bonds will be used for the development of the Eastgate Urban Renewal Area. The development is being described as Phase

II of the East End development. Phase II will consist of a mix of retail, commercial, residential and recreational facilities, in combination with a creative reuse of facilities and new construction. Specifically, the Developer intends to redevelop a portion of the Eastgate Urban Renewal Area, including the original Goodyear Headquarters and Goodyear Hall. Under current plans, the primary use for the site will be office space, including large institutional and public governmental type users, as well as other small, medium and large size users. Mixed uses will include renovations for multi-family residential, retail, restaurants and hospitality. The Developer also plans to construct a new hotel. Additional public uses will include the provision of parking for the area as well as the conversion of the auditorium in Goodyear Hall to a 1,500 seat theatre capable of hosting musical theatrical and other cultural events.

special obligations of the Authority payable solely from revenue received by the trustee under its agreement with Kent State University. The loan is non-cancelable until the underlying revenue bonds are paid in full. All expenses related to the revenue bonds are being paid out of the bond proceeds. The bond is secured by assets of the project.

Bridgestone Americas Tire Operations, LLC Project

In March of 2010, the Authority issued up to \$70 million of Taxable Development Revenue Bonds. The bonds will be used to finance the costs of the construction and improvement of the Tech Center, the Parking Facility, and the Pedestrian Connector. These bonds are special obligations of the Authority payable solely from revenue received by the trustee under its agreement with Bridgestone Americas Tire Operations, LLC ("BATO"). The loan is non-cancelable until the underlying revenue bonds are paid in full. All expenses related to the revenue bonds are being paid out of the bond proceeds.

The Tech Center was also leased by the Authority to SMBC Leasing and Finance, Inc. ("SMBC") and subleased by SMBC to BATO. Under that sublease, BATO has agreed to make rental payments to SMBC in an amount sufficient to pay debt service when due on the bonds. Those rental payments have been pledged to the trustee for the bonds as the revenue source to secure the payment of debt service on the bonds. The bonds are revenue obligations of the Authority, payable solely from the Tech Center Revenues. Neither the Authority nor the county is obligated to pay debt service on the bonds from any source other than the Tech Center Bond Revenues. The bond is secured by assets of the project. On March 30 2015, Bridgestone paid approximately \$50.2 million to exercise its optional redemption of the outstanding bonds and accrued interest and purchase the Bridgestone Akron Technical Center.

Akron YMCA Project

In November 2009, the Authority issued \$12.1 million of Variable Rate Civic Facility Improvement and Revenue Bonds. The bonds will be used to pay back existing bonds outstanding in the amount of \$6.1 million and the remaining bonds will be used to finance costs of acquiring, constructing, furnishing, improving, and equipping facilities for the YMCA. These bonds are special obligations of the Authority payable solely from revenue received by the trustee under its agreement with the YMCA. The loan is non-cancelable until the underlying revenue bonds are paid in full. All expenses related to the revenue bonds are being paid out of the bond proceeds. The bond is secured by assets of the project.

the project. The revenue bonds were refunded in 2015 with the reissuance of \$7.7 million of Refunding Revenue Bonds.

Eastland Woods, LLC Project

In August 2004, the Authority issued \$7.5 million of Summit County Port Authority Revenue Bonds. The bond proceeds will be used to finance the acquisition, construction, rehabilitation, and equipping of an approximately 100-unit residential rental project to be owned by Eastland Woods, LLC. ("Eastland Woods"). These bonds are special obligations of the Authority payable solely from the revenue received by the trustee under its agreement with Eastland Woods. Eastland Woods and the Authority entered into a financing lease agreement pertaining to this facility. The lease is non-cancelable until the underlying revenue bonds are paid in full. All expenses related to the revenue bonds are being paid out of the bond proceeds. The bond is secured by assets of the project. All of the bonds were redeemed in the fourth quarter of 2015.

Meadow Lane, LLC Project

In August 2003, the Authority issued \$5.5 million of Summit County Port Authority Revenue Bonds. The bond proceeds will be used to finance the construction and equipping of a manufacturing and distribution facility to be leased by Meadow Lane, LLC ("Meadow Lane"). These bonds are special obligations of the Authority payable solely from the proceeds received by the trustee under its lease with Meadow Lane. Meadow Lane and the Authority entered into a financing lease agreement pertaining to this facility. The lease is non-cancelable until the underlying revenue bonds are paid in full. All expenses related to the revenue bonds are being paid out of the bond proceeds. The operation and maintenance of the buildings is the responsibility of Meadow Lane. The bond is secured by an irrevocable letter of credit.

NOTE 7 – DEFINED BENEFIT PENSION PLAN

Net Pension Liability

The net pension liability reported on the statements of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions between an employer and its employees of salaries and benefits for employee services. Pensions are provided to an employee on a deferred payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the Authority's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code (ORC) limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which pensions are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including pension.

GASB Statement No. 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plans' board must propose corrective action to the State legislature. Any resulting legislative changes to benefits or funding could

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – OPERS is a cost-sharing, multiple-employer public employee retirement system that provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position. That report can be obtained by writing to OPERS, 277 E Town St., Columbus, OH 43215-4642, by calling (800)222-7377, or by visiting the OPERS Website at [www.opers.org](http://www.opers.org).

OPERS administers three retirement plans, as described below:

The Traditional Pension Plan (TP) – a defined benefit plan;

The Member-Directed Plan (MD) – a defined benefit contribution plan in which the member invest both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and (vested) employer contributions plus any investment earnings;

The Combined Plan (CO) – a cost sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

Pension Benefits – All benefits of the System, and any benefit increases, are established by the legislature pursuant to Ohio Revised Code Chapter 145. The Board, pursuant to ORC Chapter 145, has elected to maintain fund to provide health care coverage to eligible Traditional Pension and Combined Plan retirees and survivors of members. Health care coverage does not vest and is not required under ORC Chapter 145. As a result, coverage may be reduced or eliminated at the direction of the Board.

Age-and-Service Defined Benefits – Benefits in the Traditional Pension Plan are calculated on the basis of age, final average salary (FAS), and service credit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

Age and service requirements will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026. Members who retire before meeting the age and years of service credit requirement for unreduced benefit receive a percentage reduction in the benefit amount. The base amount of a member's pension benefit is locked in upon receipt of the initial benefit payment for calculation of annual cost-of-living adjustment.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions.

Defined Contribution Benefits – Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined Plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-Directed participants must have attained the age of 55, have money on deposit on the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the Member-Directed Plan consists of the member's contributions, vested employer contributions and investment gains or losses resulting from the member's investment selections.

Disability Benefits – OPERS administers two disability plans for participants in the Traditional Pension and Combined Plans. Members participating in the Member-Directed Plan are not eligible for disability benefits. Survivor Benefits – Dependents of deceased members who participated in either the Traditional Pension Plan or the Combined Plan may qualify for survivor benefits.

Other Benefits – Once a benefit recipient retiring under the Traditional Pension Plan has received benefits for 12 months, an annual 3% cost-of-living adjustment is provided on the member's base benefit. Members retiring under the Combined Plan receive a 3% cost-of-living adjustment on the defined benefit portion of their benefit. A death benefit of \$500-\$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the Traditional Pension Plan and Combined Plan. Death benefits are not available to beneficiaries of Member-Directed Plan participants.

Contributions – The OPERS funding policy provides for periodic employee and employer contributions to all three plans (TP, CO and MD) at rates established by the Board, subject to limits set in statute. The rates established for member and employer contribution rates were approved based upon the recommendations

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2015 and 2014

of the System's external actuary. All contribution rates were within the limits authorized by the Ohio Revised Code.

Member and employer contribution rates, as a percent of covered payroll, were the same for each covered group across all three plans for the year ended December 31, 2015 and 2014. Within the Traditional Pension Plan and Combined Plan, member and employer contributions (employer contributions only for the Combined Plan) and an actuarially determined rate of return are adequate to accumulate sufficient assets to pay defined benefits when due. Employee contributions within the Combined Plan are not used to fund the defined benefit retirement allowance. Employer contribution rates as a level percent of payroll dollars are determined using the entry age actuarial funding method. This formula determined the amount of contributions necessary to fund: (1) the current service cost, representing the estimated amount necessary to pay for defined benefits earned by the employees during the current service year; and (2) the prior service cost for service earned prior to the current year and subsequent benefit increases. These contributions represent the amount necessary to fund accrued liabilities for retirement allowances and survivor benefits over a period of time.

Plan members were required to contribute 10 percent of their annual covered salary. The Authority was required to contribute 14 percent, a portion of which is set aside for funding post-retirement health care coverage. The Authority's contractually required contributions to OPERS for December 31, 2015 and 2014 were \$42,075 and \$42,273 for the Traditional and the Combined Plan. Total contractually required contributions, including contributions for post-retirement health care, were \$49,087 and \$49,067 for the years ended December 31, 2015 and 2014 and the amounts were contributed during the respective years.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of the date. The Authority's proportion of the net pension liability was based on the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS</u>
Proportionate Share of the Net Pension Asset	\$ 0
Proportionate Share of the Net Pension Liability	\$ 346,561
Proportion of the Net Pension Liability	0.00287338%
Pension Expense	\$ 37,697

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

At December 31, 2015, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS
Deferred Outflows of Resources:	
Net difference between projected and actual earnings on pension plan investments	\$ 18,491
Changes of assumptions to the measurement date	42,075
Total Deferred Outflows of Resources	\$ 60,566
Deferred Inflows of Resources:	
Differences between expected and actual experience	\$ 6,088

\$42,075 reported as deferred outflows of resources related to pension resulting from Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2016.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	OPERS
2016	\$ 1,814
2017	1,814
2018	4,153
2019	4,622
	\$ 12,403

Actuarial Assumptions – OPERS

OPERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., future employment, mortality, cost trends). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation are presented below:

Actuarial Information	Traditional Pension Plan	Combined Pension Plan
Wage Inflation	3.75 percent	3.75 percent
Future Salary Increases, including inflation	4.25 percent to 10.05 percent, including wage inflation	4.25 percent to 8.05 percent, including wage inflation
COLA or Ad Hoc COLA	3.00 percent, simple	3.00 percent
Investment Rate of Return	8.00 percent	8.00 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age
Valuation Date	January 1, 2014	
Actuarial Cost Method	Entry Age Normal	
Investment Rate of Return	8.25 percent	
Projected Salary Increases	4.25 percent to 11.00 percent	
Payroll Increases	3.75 percent	
Inflation Assumptions	3.25 percent	
Cost of Living Adjustments	2.60 percent and 3.00 percent	

Mortality rates are the RP-2000 mortality table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality rates, set forward two years. For females, 100 percent of the disabled female mortality rates were used.

NOTE 8 – POST-RETIREMENT BENEFITS

Pension Benefits

The Authority participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions. Under the Member Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings.

The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member Directed Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the Traditional and Combined Plans. Members of the Member Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

The Ohio Revised Code provides statutory authority for member employer contributions. For 2015 and 2014, member and employer contribution rates were consistent across all three plans. For the year ended December 31, 2015, the members of all three plans were required to contribute 10% of their annual earnable salary to fund pension obligations. The Authority contributed 14% of earnable salary.

The Authority's required contributions for pension obligations to the Traditional and Combined Plans (excluding the amount relating to post-retirement benefits) for the years ended December 31, 2015, 2014,

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

and 2013 were \$49,087, \$49,067, and \$46,423, respectively, equal to the required contributions for each year. The full amount has been contributed for all three years.

Post-Employment Benefits

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Plan (TP) - a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan (MD) - a defined contribution plan; and the Combined Plan (CO) - a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Member of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. OPERS' eligibility requirements for post-employment health care coverage changed for those retiring on and after January 1, 2015. Please see the Plan Statement in the OPERS 2013 CAFR for details.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits. Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2015, the Authority contributed at a rate of 14% of earnable salary. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14% of earnable salary for state and local employer units. Active members do not make contributions to the OPEB plan.

OPERS' Post-employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code section 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0% during calendar year 2015. Effective January 1, 2016, the portion of employer contributions allocated to health care remains at 2.0% for both plans, as recommended by OPERS' actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The Authority's contributions for health care for the years ended December 31, 2015, 2014, and 2013 were \$7,010, \$7,007, and \$3,315, respectively, equal to the required contributions for each year. The full amount has been contributed for all three years.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4% of the employer contributions toward the health care fund after the end of the transition period.

#### NOTE 9 – AKRON CIVIC THEATER PROJECT

In September 2001, the Authority issued \$14.6 million of Summit County Port Authority Revenue Bonds, comprised of \$13.6 million of Current Interest Bonds and \$1 million of Capital Appreciation Bonds. The proceeds from the revenues bonds were primarily used to fund the renovation of the Akron Civic Theater facility. These bonds are payable solely from the proceeds received by the Authority under its lease with the Akron Civic Theater.

In 2012, the Authority issued \$15,295,000 of Port Facilities Revenue Refunding Bonds, for the purpose of (1) refunding the Development Finance Authority's outstanding Revenue Bonds issued in 2001 to provide the funds to pay the costs of a project to be leased to The Community Hall Foundation, Inc., dba Akron Civic Theatre, and (2) paying issuance costs of the Series 2012 Bonds. The bonds refunded in the 2001 issue mature on December 1, 2033. The balance outstanding on the revenue bonds were \$14,135,000 and \$14,475,000 at December 31, 2015 and 2014, respectively.

The Akron Civic Theater and the Authority entered into a financing lease agreement pertaining to the civic theater facility. The lease is non-cancelable until the underlying revenue bonds are paid in full. Lease payments will be derived from the County Bed Tax revenues, through agreement among Summit County, National Inventors Hall of Fame and the Authority. In addition, the City of Akron guarantees the bonds.

All expenses related to the revenue bonds were paid out of the bond proceeds. The operation and maintenance of the theater is the responsibility of the Akron Civic Theater. In 2002, there was a shortfall in fundraising revenue committed to the project by the Civic Theater which led to the notes payable and receivable explained in Note 10.

NOTE 10 – NOTES PAYABLE AND NOTES RECEIVABLE

The Authority has an unsecured notes payable with Summit County. The purpose of the note was for renovation costs for the Akron Civic Theater. The balance outstanding on the unsecured note payable was \$555,829 and \$630,829 at December 31, 2015 and 2014, respectively. Approximate annual principal payments, required to be made by the Authority, under this debt for the next five years and thereafter are:

Year	Amount
2016	\$ 75,000
2017	75,000
2018	75,000
2019	75,000
2020	75,000
2021 - 2022	180,829
Total	<u>\$ 555,829</u>

Note Receivable with Akron Civic Theater

In connection with entering the note payable with Summit County, the Authority entered into a note receivable agreement with the Akron Civic Theater. The note receivable is unsecured and non-interest bearing. The note receivable is structured such that the Akron Civic Theater pays the Authority for all amounts due under the note payable/line of credit based on the schedule noted below, and the Authority then repays Summit County. The agreement states that if certain terms of the agreement are met and there is no default on the loan, that the outstanding balance of \$458,829 at the end of the term will be discharged by the Authority.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

During 2013, the Board of Directors of the Authority approved the forgiveness of \$450,000 of principal, interest and other fees owed by the Akron Civic Theater and amended the loan agreement effective January 1, 2014.

Approximate amended annual payments to be received by the Authority under this agreement for the next five years and thereafter are:

Total	<u>\$ 658,329</u>

NOTE 11 – AIRDOCK REMEDIATION

In January 2007, the Authority entered into an agreement with the Director of Development of the State of Ohio for a Brownfield Revolving Fund Loan for the Airdock Project. The Authority also entered into an agreement with the Clean Ohio Council for Clean Ohio Revitalization Fund ("CORF") grant for the Airdock Project. The purpose of the loan and grant was to conduct interior remediation activities including cleaning dust and debris from the building interior structure, at the Airdock site located in Akron, Ohio which is owned by the Authority and leased to Lockheed Martin Corporation. The amount of the loan and grant was \$2 million and \$3 million, respectively. This loan is a debt obligation and is payable solely from the revenues received by the Authority under its agreement with Lockheed Martin Corporation.

NOTE 12 – LEASES

In March of 2011, the Authority agreed to lease approximately 36,000 square feet of the 47 North Main Street building (excluding non-rentable common area) to ABIA, beginning in December 2011 until November 2033 as part of the conduit debt issued for the ABIA Project. At any time during the lease, the tenant has the option to purchase the building. The annual base rent during the term of the lease is \$1 per year. The tenant has also agreed to pay its proportional share of the common area maintenance, utilities, and related expenses. The Authority received \$252,239 and \$241,173 from ABIA under this Agreement for the years ended December 31, 2015 and 2014, respectively.

In March of 2011, the Authority agreed to lease approximately 25,000 square feet of the 47 North Main Street building (excluding non-rentable common area) to Summit County – DJFS, beginning in March 2011 for a period of five years. The annual base rent during the term of the lease is \$86,793 per year. The tenant

has also agreed to pay its proportional share of the common area maintenance, utilities, and related expenses. The Authority received \$194,507 and \$300,220 from DJFS under this agreement for the years ended December 31, 2015 and 2014, respectively.

Effective November 1, 2012, the Authority and Lockheed Martin Corporation entered into an amended equipment lease agreement which states that Lockheed Martin Corporation has agreed to purchase existing project equipment and the Authority has agreed to acquire and lease to Lockheed Martin Corporation additional project equipment. In consideration of Lockheed Martin Corporation entering into this amendment, the Authority agrees that Lockheed Martin Corporation may draw on, and the Authority shall approve disbursement from, any funds held in the Project Fund and available to purchase project equipment under the equipment lease agreement to pay: (1) the existing project equipment purchase price which was appraised at \$87,000, and (2) upon exercise by Lockheed Martin Corporation of the option to purchase the additional project equipment, the additional project equipment purchase price of \$30,000. A \$30,000 lease receivable and the related unearned lease revenue were originally recorded in the Statement of Net Position. During 2014, the Authority recognized \$15,000 of rental income from equipment leased under this agreement. A new lease agreement was signed in November 2015 with Lockheed Martin Corporation. Under the terms of this new agreement, Lockheed Martin Corporation agreed to pay \$15,000 to lease this equipment through October 2016.

In December of 2012, the Authority agreed to lease the 1034 Home Avenue building to A&K Summit Holdings, LLC, beginning in December 2012 for a period of one year. The annual base rent during the initial lease term is \$12,000 per year. Rental payments during the post-option exercise lease term shall be in monthly installments as follows: (a) \$2,656 for month's one through nine and (b) \$9,495 for months ten through ninety-six. The Authority recognized \$113,944 and \$59,229 of rental income from property leased under this agreement in 2015 and 2014, respectively. As of December 31, 2015 and 2014, the balance on the lease receivable was \$674,170 and \$788,115, respectively. The future fixed rental payments the Authority is scheduled to receive under the Lease Agreement total \$113,940 in 2016.

NOTE 13 – 1034 HOME AVENUE

On July, 20, 2010, the Authority entered into a delinquent tax agreement with Summit County, in order to pay the outstanding property taxes owed on the property received. As of December 31, 2014, the Authority owed \$5,146 to the County. This amount was paid in full as of June 2015.

NOTE 14 – BRIDGESTONE PROJECT

On December 1, 2010, the Authority issued \$7,450,000 of Federally Taxable Recovery Zone Economic Development Revenue Bonds and \$100,000 of Federally Taxable Revenue Bonds as part of the Bridgestone Project. The proceeds of the bonds will be used to provide funds to pay a portion of the costs

of constructing the new technical center which is being constructed as the international technical center and research and development headquarters for Bridgestone Americas Tire Operations, LLC ("BATO"). BATO will operate the technical center project, which will provide research and development and technical support for BATO's operations. The technical center project comprises the technical center buildings, a multi-level parking facility for approximately 475 vehicles, and an elevated pedestrian walkway connecting the tech center and the parking facility. The parking facility and a portion of the pedestrian walkway are the projects being financed with the 2010 bond proceeds.

Pursuant to the terms of the Cooperative Agreements, Summit County will make its County Revenue Payments to the Trustee from the County Nontax Revenues in amounts sufficient to pay Bond Service Charges on the Nontax Revenue Bonds when due.

The balance outstanding on the revenue bonds was \$6,835,000 and \$7,195,000 at December 31, 2015 and 2014, respectively. Approximate future annual principal and interest payments for this obligation are:

Year	Principal	Interest	Total
2016	\$ 370,000	\$ 206,499	\$ 576,499

Total	<u>\$ 6,835,000</u>	<u>\$ 1,908,623</u>	<u>\$ 8,743,623</u>

NOTE 15 – RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. Commercial insurance has been obtained to cover damage or destruction to the Authority's property and for public liability, personal injury, and third-party property damage claims. Settled claims have not exceeded the Authority's commercial insurance coverage for any the past three years. No substantial changes in insurance coverage have occurred in any major risk category in 2015; there were no insurance settlements in 2015 and 2014.

Employee health care benefits are provided under a group insurance arrangement and the Authority is insured through the State of Ohio for workers' compensation benefits.

NOTE 16 – RELATED PARTY TRANSACTIONS

The Authority uses certain Summit County employees without reimbursement. In addition, the Authority received a \$75,000 grant from Summit County to be used for economic development and job creation in both 2015 and 2014. Of this amount, the County specified that the grant funds be used for specific initiatives as directed by the County.

NOTE 17 – LETTER OF CREDIT

The Authority has a \$5 million, unsecured letter of credit with a bank in order to support issuance of development bonds via the Authority's Bond Fund Program. No amounts were outstanding on this letter of credit as of December 31, 2015 and 2014.

NOTE 18 – COMMITMENTS

Kelso - Brimfield TIF Project

In May 2010, the Authority authorized up to \$1 million in subordinate tax- exempt revenue bonds to reimburse Kelso Development LLC for costs incurred related to the acquisition of land and construction of improvements in connections with the Brimfield Plaza Development. Costs will be reimbursed after the original TIF bonds are paid off and only to the extent there are excess proceeds. New development at the site includes a medical office building and retail.

Summit County - 47 North Main Street Project

The County sold the project site to the Authority at a price equivalent to the appraised value of the property, plus approximately \$190,000, which is the amount of improvement indebtedness owed by the county on the property. The purchase was based on the Fiscal Officer's appraisal of \$2,490,000. In March 2011, the Authority issued \$8.5 million of Tax-Exempt Development Revenue Bonds. The bonds were used to provide financing for the renovation, construction, and improvement of a building located at 47 North Main Street in the City of Akron, Ohio. These bonds are special obligations of the Authority payable solely from pledged revenues, being generally (a) loan payments made by or on behalf of ABIA under the Loan Agreement, (b) all of the moneys received or to be received by the Authority or the Trustee in respect of the loan under the Loan Agreement, (c) contribution payments that the county is required to make under the Cooperative Agreement if loan payments made by ABIA are insufficient to cover bond service charges or there is a deficiency in the funds required to be on deposit in the Bond Reserve Fund, (d) amounts in the Special Funds, including the Bond Reserve Fund, and (e) income from investments in the foregoing. The bond is secured by assets of the project.

DEVELOPMENT FINANCE AUTHORITY OF SUMMIT COUNTY  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015 and 2014

The Authority issued a 22 year note in the amount of \$2,490,000 upon purchase of the project site which is secured by a mortgage in the project site. The estimated annual principal payment for years 1 through 20 is \$86,793. The estimated annual principal payment for years 21 and 22 is \$377,070.

The Authority leases floors one, two, three, and a portion of the basement of the project site to Austen BioInnovation Institute in Akron ("ABIA"). The Authority leases floors four, five, six, and the balance of the basement to the county for its Department of Job and Family Services ("DJFS"). The Authority uses approximately 2,040 square feet of floor four of the project site as its offices. As of December 31, 2015, the Authority has recorded a liability in the amount of \$42,065 for estimated payments received which were greater than the total operating expenses allocated for the year.

Macedonia TIF Project

In August 2007, the Authority authorized \$2.5 million in subordinate tax-exempt revenue bonds to reimburse the developer for costs incurred related to the construction of public improvements in connection with an Independent Living/Assisted Living Facility and an Active Adult Community in Macedonia Ohio. Costs will be reimbursed after the original TIF bonds are paid off and only to the extent there are excess proceeds. New development at the site includes installing a road, sidewalks and handicap ramps, street lighting, water lines, storm and sanitary sewer lines, fire hydrants, and landscaping. Construction was completed during 2010 and the City accepted the improvements in May, 2010. Outstanding balance on the bonds at December 31, 2015 is \$2,275,000.

8 and 80 Holdings TIF Project

The Project is located in the Village of Boston Heights and consists of certain public improvements constructed by 8 & 80 Holdings, LLC (the Developer) and dedicated to the Village in support of the acquisition, construction, and installation of an approximately 150,000 sq. ft. Costco general merchandise store; including 700 parking spaces and a fuel station, and the development of seven additional retail outlet parcels. The costs of the project are being advanced by the Developer under a separate construction loan. The Village of Boston Heights has agreed to pay a portion of the Service Payments to the Developer for the costs of the project. The Village and the Developer requested that the Authority issue a series of revenue bonds to secure the Village's obligation to pay the Service Payments to the Developer when due.

NOTE 19 – CONTINGENCIES

The Authority, in the normal course of its activities, could be exposed to various claims and pending litigation. In the opinion of Authority management, the disposition of these other matters is not expected to have a material adverse effect on the financial position of the Authority.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Development Finance Authority of Summit County  
Summit County  
47 N. Main Street, Suite 407  
Akron, Ohio 44308

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Development Finance Authority of Summit County, (the "Authority") as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated June 30, 2016 wherein we noted the Authority adopted Governmental Accounting Standard No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. In addition, we noted the Authority restated its financial statements due to a misstatement in unrealized loss on investments from a previous year.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Authority's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Authority's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

***Compliance and Other Matters***

As part of reasonably assuring whether the Authority's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
